

# TWIN POMEGRANATES

This exceptional wine is made by crushing pomegranates at the peak of flavor development. This is the real deal! Usually, traditional wine drinkers want to know what wine-grape variety it most likely resembles. Fact, it's like no other wine in the marketplace, which gives the wine its marketability. Known health benefits of pomegranates also give this wine a ton of attention and appeal.

### What makes this wine SPECIAL...

- Fruit sourced direct from a small farmer in Madera, CA
- Made by fermenting pomegranate juice, NO grape in this wine
- Cool fermented for 21 days to develop character and body
- Extremely rich pomegranate flavor and aroma
- Limited production, only few pomegranate wines in USA.

### Smells like...

- This wine tastes nothing short of pure pomegranate bliss. In the nose you'll immediately recognize the smell of pomegranate seeds followed by whiffs of vine ripened berries, nutritiously rich cherries and mellow tones of earthiness.

### Tastes like...

- Upon the first sip, a person can't help but recognize they're drinking pomegranate wine. The flavor profile starts with a slightly sweet introduction to the pallet, immediately tasting fresh pomegranate seeds and hints of ripe cranberry, then finishes slightly tart with refreshingly crisp citrus-like acidity.
